You may register at this time, too.

*Your child must be five (5) years old before August 28, 2024, to register.* At the time of registration, you must provide proof of residency. The child’s original birth certificate or hospital verification must be presented at time of registration. If a birth certificate is not available, forms for obtaining one for Pennsylvania born students may be obtained at the Crawford Central School Administration Office. If hospital verification is used, the child’s birth certificate must be on file in the school prior to entrance in the fall. No tests are given to children on the day of registration.

State law requires every child entering school for the first time to have immunizations. Please call your physician or the Pennsylvania Department of Health (332-6947) to arrange an appointment for required immunizations. The Crawford Central School District requires any student enrolling in the school district for the first time to have ALL mandated immunizations that are allowable at the time of entry (applicable to Crawford Central School District Policy No. 203.)

If immunization cannot be given because of medical reasons, a statement from a physician will be necessary and should be taken to registration. A record of the child’s immunization and medical history should be available for the school nurse at registration.

Kindergarten Registration Forms are at <http://www.craw.org> or any elementary school and may be completed prior to registration. If you have any questions, contact the district’s registration office at 814-724-3125 or your child’s elementary school.
